Editor`s Note

Hey Guardian Bees!

I know November is a very busy month for all of you but being constantly stressed out or tired is not good for you. First off, give yourself a few breaks when working on anything, and don't forget about your friends and family! Getting a head-start on a task may sound nice, but taking a break from your work may be just what you need. So plan it out and remember, when you have a lot of tasks on hand, it can be confusing to figure out where to start. You should aim to complete the most important tasks first and work your way through the rest. It is okay to challenge yourself and participate, but make sure

you are able to do what you need first. Also, ask for help! I cannot stress this enough because I know a lot of us are stubborn but sometimes you really so need some help. Don't be afraid to use the resources around you! Talk to your friends, family, teachers, or other individuals if you are feeling stressed. Everyone wants you to succeed, and sometimes, getting help just might be the encouragement that you need.

November is also a great time to reflect on how much you are grown through Key Club. Take a step back and reflect on all the service events and fellow Key Clubbers you have met along the way. All these memories are something you should keep dear to your heart and be thankful of because they have shaped who you are as person. After all, your continuous desire to serve and lead is what motivates others to continue of the legacy you created! You don't need a title to motivate and lead others, it is your passion, dedication, and commitment that shines through that makes you a true guardian bee. Also, don't forget to celebrate and reflect with your Kiwanis Family because November is Kiwanis Family Month.

I feel that I do not have enough time in the world to know each and every one of you and I know many of you do not know me outside of Key Club so here are some facts about me so you can get to know me more as a person rather than a Lt. Governor of Division 7 North.

I hope all of you have fun reading and I cannot wait to hear all the service you have done for this month!

Once again, West Campus Key Club volunteered at the Urban Cow Marathon. From 9 a.m. to 1 p.m. On Sunday, October 4th, high school students worked alongside other students and professionals to keep the park clean and lively. After arriving, they were given a free, bright orange shirt with the Urban Cow logo, which allowed them to be recognized as volunteers, then they quickly got to work.

There were so many volunteers that the work was done so quickly. Students helped pass out food and water to the runners and yelled chants to encourage the runners to finish the marathon confidently. A majority of the students picked up trash all over the area near the finish line then everyone helped out with taking things down. There were so many people that making friends was easy. There were volunteers from other schools and group leaders who all helped out. Many of the volunteers were complimented and thanked by the marathon participants and their families. The environment was so positive that West Campus students were honored to assist and clean up. Marathons are always the best ways to volunteer and West Campus student will definitely recommend it and do it again.

Who doesn't love visiting their old elementary school? The Heron Barn Dance was both an opportunity of service and a nostalgic trip to many Inderkum Key Clubbers. As the season of autumn falls upon our community, many schools have been hosting harvest festivals as a way to bring the community together in this seasonal carnival. On September 18th, kids of all ages attended the festival as Key Clubbers ran almost all of the booths and vendors. Not only did the children have fun. One Inderkum Key clubber who ran a booth, Tiffany, says, "I loved seeing the kids light up." "I couldn't help but feel happy playing with the kids," says another clubber, "they were just so happy when they won." From 4-8pm, Key clubbers were the ones who made the event possible. From set-up, to the actual event, and finally the take-down, these busy Bees put in their 100% effort into this event, as they were rewarded with a joyful and refreshing experience. I myself was glad I attended the event. Not only did I get to work with my friends, I had the chance to put smiles on children's faces and even laugh with their parents.

Learn more about the Kiwanis Family Organization!

The Kiwanis Family

Compiled by the Kiwanis Family & Foundation Committee

THE KIWANIS FAMILY TREE

If you really think about it, the Kiwanis Family is very similar to a tree. Our sponsoring organization, Kiwanis International, is like the trunk of the tree. It is the foundation and support system of the different branches of the Kiwanis Family. The different branches of the Kiwanis Family (e.g. Key Club) are the actual branches of the tree. As one Ohana, we are able to grow support, and learn from each other.

2016 District Convention

Date: April 8-10, 2016

Time: Varies by School

Location: Sacramento Convention Center

Convention is a time of celebration, where members, club officers, and advisors are recognized for a year's worth of unending service and dedication to Key Club. Convention is also a time of new beginnings when newly-elected officers are ushered into term. But that isn't all it! At DCON, you will have the opportunity to interact with thousands of Key Clubbers from all across California, Nevada, and Hawaii, attend workshops to help enhance your leadership skills, and learn more about Key Club! The education you will receive at District Convention will last a lifetime and help foster your growth as a leader. The friends you will create at DCON will be a part of your most cherished memories.

Dues Deadlines

(Must be received by the following dates)
